And What Have You

By BOB CRAIG

The dream of another State Championship in track was pretty shattered in Anson Friday when Johnny Jones pulled up lame in the prelims. Hopefully, the Pipers can still make a strong showing at Regional this week and be in contention at Austin two weeks later.

But the loss of Johnny's probable 20 points in the 100 and 220 as well as his speed to anchor the sprint relay cuts heavily into the odds of Hamlin repeating as state champs.

Under the rules, Coach Grissom can substitute one boy on the relay team but there does not seem to be any way for Johnny to be ready by Saturday. If the relay team can make it out of regional then Johnny would have three weeks to get ready and he might be able to run in Austin. But the odds of his being ready even then are doubtful.

While everyone was disappointed that Johnny could not run Friday, we can still take great pride in the other boys on the track team for the great job they did in battling off the other teams in the district to bring home the third district crown in as many years.

This has been a bad spring for track with the wind and the cold making it very difficult for the youngsters to get in condition for the grueling grind of playoff competition. The weather always plays to the advantage of the schools farther south.

We would like to see the district, regional and state meets moved a week or two later in the year. This would help some at least. We would also like to see the rules changed to allow any boy who wins at the state meet, and still has eligibility, be automatically qualified for the prelims the next year.

A number of athletes have failed to return to defend their titles because of illness, pulled muscles, or other injuries during district and regional meets.

Since we have struggled through another income tax paying deadline we thought that the following column by James Roberts of Andrews would be appropriate.

It's a real horse race every year... which comes first, the blooming of the mesquites or the federal income tax.

In the words of the late Frank Grimes "The Mesquites Ain't Out" but Tuesday night was the deadline on the income tax.

Actually, mesquites and the federal income tax have a lot in common.

Neither was here in Texas at the turn of the century, both get worse every year, everytime you turn around both have sprung up where they weren't last year, both are parasites, create nor produce nothing, and are harder to kill than mouthitis on a politician in an election year.

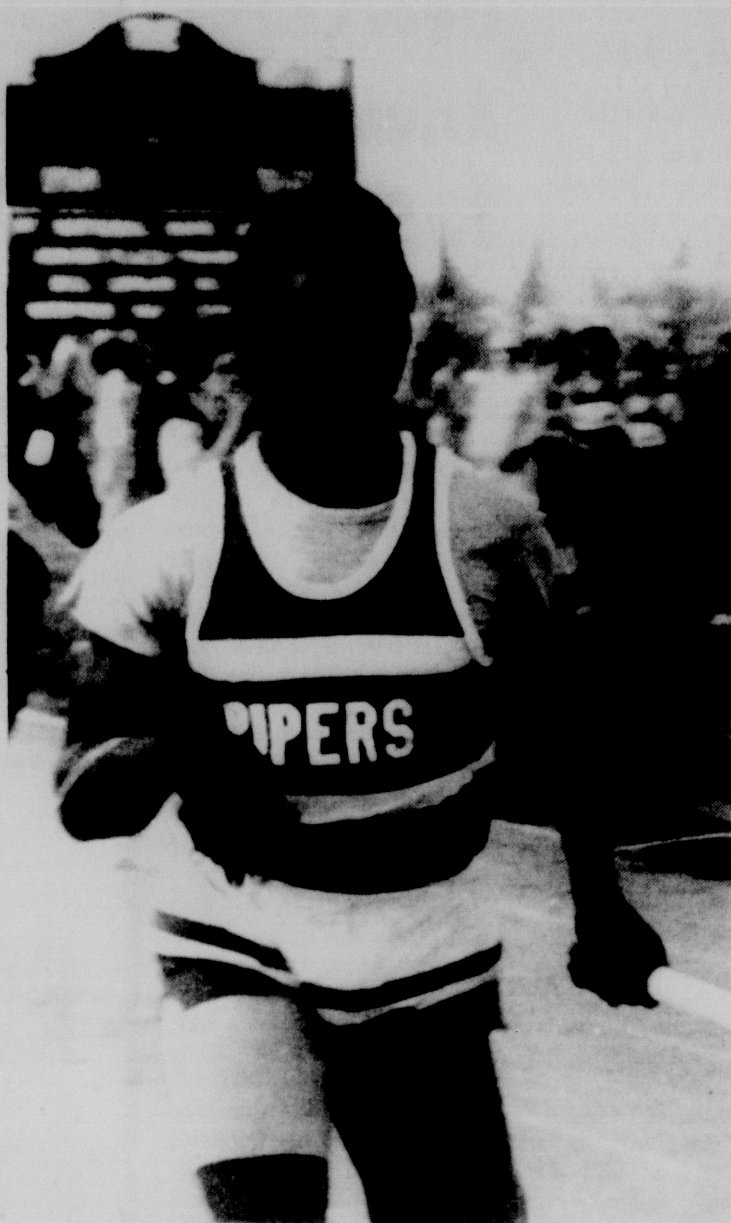

Personally, we'd like to get rid of both of them... mesquites and the income tax.

The idea of 82 million workers on salary or wages coughing up money each year to send to Washington so that federal hacks can fund additional programs for non-workers who vote is ridiculous.

The very people who pay in the overwhelming majority of the federal budget are the very people who get the least amount of benefit and good back from their federal government. Since 1933, we've been spoon-fed the vote-getting demagoguery of "soak the rich" for the benefit of the working man.

It's hogwash! If the federal government took every dime—100 percent—made each year by every person classified as a millionaire it would affect the average

ANCHORS RELAY—Sophomore Delbert Thompson anchors the winning 440 yard relay team for the Pipers Friday at the District 6-AA track meet. The Pipers qualified both the 440 and the mile relay teams to the Regional meet to be held in Odessa Friday and Saturday. Others running on the 440-relay team are Mac Lee, Robert Phariss and Oscar Marshall.

BUT LOSE JONES—

Pipers Win Third District Track Title

Johnny Jones, last year's state champion in the 100 and 220 yard dashes, failed in his bid for a chance to repeat for state honors again this year. The speedster, hampered by a leg injury all spring, pulled up lame in the prelims Friday and Coach Grissom scratched him from the finals that night.

In spite of the loss of Johnny, the Pipers came through with their third district title in as many years. The Pipers rolled up 121 points to edge out Colorado City for the district honors. Colorado City was second with 106, Anson was third with 75, followed by Coahoma with 65, Winters with 61, Stamford with 40 and Ballinger with 25.

The Pipers qualified both relay teams and four individual events to the Regional meet at Odessa this weekend. The Regional meet will be held at the W. T. Barrett Stadium in Odessa again this year.

The field events will start at 3:30 p.m. Friday, with the

prelims in the running events starting at 4 p.m. The finals in the running events will start at 1 p.m. Saturday.

Both the 440 and mile relay teams took first place honors at the district meet to earn their berth at Regional. Running on the 440 relay, clocked at 44.5, were Mac Lee, Robert Phariss, Oscar Marshall and Delbert Thompson. The mile relay team was clocked at 3:29.4. Running the quarters were Delbert Thompson, Luke Reynolds, Steve Evans and Oscar Marshall.

Qualifying for Regional with second place finishes at District were Robert Phariss in the pole vault, Paul Reynolds in the high hurdles, Oscar Marshall in the 100, and Delbert Thompson in the 440.

Miss Greenway Resigns Cemetery Assn. Position

Miss Lennie Greenway, secretary-treasurer of the Hamlin Cemetery Association since 1924 has submitted her resignation to the board of directors.

Applications are now being taken by the Association for the secretary-treasurer position.

Flea Market Set Here Saturday

The first Sidewalk Sale and Flea Market of the year will be held here Saturday. The event is sponsored by the Retail Trade Committee of the Hamlin Board of Community Development.

Merchants and area citizens are invited to take part in the big event with a number of merchants scheduled to display their wares out on the sidewalk all day Saturday. Area residents are invited to bring their garage sale goods to town and set up shop on the downtown sidewalks.

The Retail Trade Committee has been sponsoring about three of these big events each year for the past several years.

No charge is made for the downtown locations and the places are on a first come, first served basis.

BEFORE HOUSE COMMITTEE—

Bill Would Create Judicial District for Jones County

A bill to create a separate Judicial District for Jones County was before the House Committee for Judicial Affairs Wednesday night in Austin.

The proposed legislation, House Bill 1948, was introduced by State Representative Elmer Martin with the support of the Commissioners Court of Jones County.

The bill proposes to remove Jones County from the 104th District Court, which now includes Jones with Abilene and Taylor County.

In a second step, House Bill 1948 proposes to create a new 241 Judicial District composed solely of Jones County.

Rep. Martin said he is sponsoring the legislation at the urging of citizens and attorneys in Stamford,

Hamlin and Anson.

There has been an effort to separate Jones County from Abilene 104th District Court for several years.

In previous years, the proposal has been to transfer Jones County from the 104th District into the 39th Judicial District Court, composed of Haskell, Stonewall, Kent and Throckmorton counties.

However, it has met with reluctance on the part of the four-county 39th District to add another county. This has resulted in opposition within the Legislature against the transfer of Jones County.

"Since Jones County has been rebuffed in its request to move to another district," Rep. Martin said, "proponents are now seeking to create an entirely new district for Jones County."

The proposed Judicial District would create the position of District Judge while the County Attorney of Jones County would perform all duties of those of district and county attorney.

Commissioners Court voted unanimously for the new court after being requested by citizens to seek removal of Jones County from the 104th District Court.

In their resolution the commissioners stated: "The Commissioners Court after studying the request and realizing it would better serve the people to have a district court in Jones County and not be dependent upon the 104th District Court for their system, deems it advisable that the passage of the bill removing Jones County from the 104th

District Court and placing Jones County in another Judicial District or creating a Judicial District for Jones County should be secured."

Texas Civil Judicial Council statistics reveal that Jones County had 460 cases of all types (criminal, civil and juvenile) pending Jan. 1, 1974.

A total of 256 new cases were filed during 1974 and 212 cases were disposed of during the same 12 months.

This resulted in the backlog of Jones County cases within the 104th District Court increasing to 506 cases pending at the close of 1974.

For the same 12 months, the backlog of Taylor County cases in 104th District Court was increasing from 1,768 cases (Jan. 1, 1974) to 2,284 cases at the end of 1974.

IN LONG AGENDA—

Council Grants Cable Increase

The City Council granted a 95 cent rate increase to Cable Electronics, Inc. here Monday evening. The increase will raise the monthly service charge for cable service from \$6.50 to \$7.45 and will become effective with the May billings.

The rate request came before the council at its March meeting and was tabled until this meeting. In other old business, the council voted to remove the stop signs recently installed at the corner of Northeast A and Sixth Street.

After taking care of old business, the council swore in the recently elected council members. Taking the oath of office were A. E. Killion, Robert Fowler and Buford Bigham. Killion and Fowler were reelected to office and Bigham starts his first term on the council.

In a rather lengthy agenda, the council took the following actions:

—Discussed the problem of vacant houses and buildings run down and unattended that

are considered fire hazards. Mayor Joe Ford told the council that he had received several complaints recently on the problem. The council asked John Watts, city attorney, to look into the matter of a city ordinance and report back at the next meeting.

—A street light was requested at Southwest Ave F and Third Street but the council voted to table the matter for further study.

—The council heard a report on the status of the city's Wastewater Treatment Plant by Billy Jacobs, engineer for Yeatts and Decker, Inc. of Abilene. The firm is preparing plans for the new sewage disposal plant for the city. He told the council that work is being completed on the step 2 phase of the program and that the city should be ready to apply for the step 3 grant by the end of May.

Step 3 of the Federal program provides for 75 percent funding for the construction of the system and Jacobs told the council that it usually takes about three months to get this step approved.

—The council gave approval to Bill Kitchens of Oil Patch Pollution Service to install a radio tower on the city's north water tower. The agreement is subject to a lease agreement being signed and proper insurance to protect the city.

—The council named Dr. M. L. Smith for another term as City Health Officer.

—James E. Rodgers, local Certified Public Accountant, was awarded a contract to prepare an audit for the city.

—The group signed a contract with Perdue, Brandon and Blair of Amarillo and Fort Worth, for the collection of delinquent taxes. The firm has also been hired by the Hamlin Independent School District and will collect the past due taxes for a fee of 15 percent of the monies collected.

—The council voted to purchase a new 24-foot ladder for the fire department to replace the one lost in the recent school fire.

—A workshop meeting on the proposed budget for the next fiscal year was set for Monday morning.

During the discussion on the stop signs at Northeast Ave A and Sixth Street, the council discussed designating through streets running east and west on the east side of Central Avenue and north and south on the west side. Action on this was tabled for further study.

FOR RETARDED—

Hike-Bike Fund Drive Set Sunday

The Hike-Bike for the Retarded will get underway Sunday at 1:30 p.m. when participants meet at the high school for the trip to South Lake. The group will be back to Hamlin by 5:30 p.m., according to Mrs. C. L. Howard, chairman of the event. Future Homemakers of America are working out details for the drive.

A portion of the money raised in the local drive will be retained to assure funds for local campers to attend

Camp Roadrunner in the summer.

Purpose of the drive is to raise money to aid the retarded. Participants secure sponsors who donate money for them to ride or hike. Usually, the hike-bikers get \$1 for each mile travelled.

Each student must make arrangements for a sponsor or sponsors.

Refreshments will be served at the "turn-around" point near South Lake. Riders will be supervised.

SENIORS SERVE AS CLERKS—Hamlin High School 18-year-old seniors qualified to vote served as clerks during the special election here Tuesday. Here, from left, Kimi Mehaffey, Peggy Farnsworth, Blain Lewis and Tracy Rowland assist Mrs. Tarlton Willingham as she receives her ballot. John Watts (not pictured) was election judge.

FRESHMAN RELAY WINS—Drew Tomlinson crosses the finish line for a Hamlin victory in the 440-yard relay, Freshman Division. Running on the team with Drew were Britt McCracken, Mike Hymer and Jimmy Gipson.

THE SPEAKER REPORTS —

Legislature Approves Constitutional Revision

By Bill Clayton

The Legislature accomplished what some people have termed "an unachievable task" April 9 when it voted to send a new article-by-article constitutional revision package to Texas voters Nov. 4.

The victory was the result of over a year of study, revision and unsuccessful attempts to pass a document during last year's Constitutional Convention.

Two days after the deadlock of the convention in July, I called for the passage of a revised constitution during this session. I firmly believed that Texas did not need to spend millions of dollars more on another convention, when this session of the Legislature had the opportunity and background to accomplish the task.

With this in mind, I appointed a hard-working constitutional revision committee in January, and they began working to revise and polish the convention document. On March 24, the committee reported favorably to the House floor a similar version of the convention document without the separate submissions attached.

The Senate quickly adopted the work product of the House committee and sent it back to the House for its approval.

I was proud to use the voting privilege of the Speaker's chair to endorse this document. It is recognized by experts as one of the most readable and understandable state constitutions in the nation.

Of course, any document of its size cannot be fully satisfactory to everyone's desires, but I believe it is a sound document the voters of Texas will approve overwhelmingly in November.

A brief summary of the highlights of the document include the following provisions of interest:

—The Legislature will meet annually for alternate 140-day and 90-day sessions.

—The state would be under a unified court system consisting of the Supreme Court, courts of appeals, district courts and circuit courts. The Court of Criminal Appeals would merge with the Supreme Court and the intermediate courts of appeals would be given criminal as well as civil jurisdiction.

—Through a new local government article, counties would gain ordinance-making powers and have ability to change the structure of their governments.

—Texas would continue the "pay as you go" provision against state debt.

—No sales tax could be levied on food, drugs, feed, fertilizer or farm equipment.

—Under a statement of general policy, the Legislature would be given the duty to provide equitable support of public schools, insuring every student an equal educational opportunity.

—The creation of a special higher education fund for state colleges financed by a 10 cent per \$100 assessed valuation of property taxes. The Legislature would be responsible annually for assessing the financial needs of colleges outside the University of Texas and Texas A&M systems, and would determine the allocation of the fund.

Some 30 new freshman House members who did not participate in the Constitutional Convention are to be applauded for their work on the document. They added a fresh outlook and approach to debate and offered valuable input to its content.

Mrs. Clyde Lewis was hostess for the Tuesday evening meeting of the Homemakers Sunday School Class of First Baptist Church. Mrs. C. L. White assisted with serving refreshments.

A prayer service directed by Mrs. Melvin Scott, outreach leader, preceded the business session.

Mrs. Bob Craig was named as chairman of a committee to carry the "Living New Testament" in cassettes to the homes of shut-ins. Through a joint project of the Homemakers Class and the church library committee the 16 cassette volume of the New Testament and a cassette player was placed in the church library.

Anyone who wishes to have the tapes played for a half-hour session may call the church office 576-3664. Someone will take a tape to the home and play it and give instructions for the use of the tape player so that the user may then check out the tapes as desired. These would be delivered to the home by a class member and then picked up later.

Mrs. Scott appointed Mmes. Joe Wayne Carter, Bo Newland and Eugene Baker to the nominating committee.

A love offering was presented to Mrs. J. O. Murphree.

Mrs. Edgar Lewis gave the devotional.

Others attending were Mmes. Joe E. Ford, Bob Hawes, Bryon Swank, John Steele and Leldon Clifton, teacher.

Forum Sets Installation

Mrs. John Ferguson Jr. will install new officers of the Hamlin Woman's Forum at the Tuesday evening meeting at 7 o'clock in Harden Memorial Library.

Mrs. Melvin Scott, retiring president, will preside.

All representatives and presidents of member clubs are urged to attend.

FROM THE FILES . . .

FIFTY YEARS AGO
(April 24, 1925)

Just Thursday night a thief or a bunch of thieves took Mr. F. M. Ford's car from his garage and hit the road for parts unknown.

The District Meet of the Interscholastic League was held at Abilene on Friday and Saturday of last week. Hamlin had a splendid representation in the several events.

Little Miss Annie Merel Ferguson who was taken to a sanitarium in Abilene some weeks ago, was brought back home Saturday without having to undergo an operation. She is doing fine and will soon be well.

C. P. Chastain, Robert Whiteley and W. D. Cooper autoed to Austin on Saturday of last week and spent most of the week there on business.

Dr. and Mrs. J. T. Bynum attended the District Medical Society at Abilene, Tuesday of this week.

Mrs. J. J. Waggoner and Mrs. W. E. Akers and little Miss Marie Akers are in Menard this week visiting Mrs. Waggoner's daughter, Mrs. C. B. King.

Raymond Skrabanek of A and M College was guest of Miss Eula Crow, Saturday and Sunday of last week.

The "weather" has been going on a long time but the rain did not slow down till about three a.m. Thursday morning. The rain was preceded by two days and one night of the "gustiest" wind that this country has had in a long time.

TWENTY YEARS AGO
(April 22, 1955)

The Hamlin Future Farmers of America boys took two first, two second, one third, four fourth and one fifth place awards at the junior division of the West Texas Dairy Show Monday at Abilene.

Dairy judging contest teams from the Hamlin High School chapter fared mightily well Monday at the contests staged at Abilene in connection with the Central West Texas Dairy Show at the new Taylor County Exposition Center southeast of town.

Famous Stamps-Ozark quartet of Wichita Falls will be featured in a benefit program next Tuesday evening at the high school auditorium under auspices of the Four-square Gospel Church of Hamlin according to church leaders.

Seniors took over top place laurels this week when honor roll for the second six-week period of the second semester at Hamlin High School was announced by Principal B. V. Newberry.

Regular Friday night singing is scheduled this Friday evening at the Doxie community church five miles east of Hamlin say community leaders.

Officers for the newly incorporated Hamlin Foundation which is sponsoring the swimming pool project for Hamlin were named Wednesday morning when directors met in a called session.

Third group of young baseball players of the Hamlin community will be organized Sunday afternoon in Hamlin according to Bill Adair baseball enthusiast, who has been instrumental in Little League and Pony League organization in the community.

TEN YEARS AGO
(April 22, 1965)

The Women's Golf Association met Saturday in the home of Mrs. R. D. Compton, president, to make plans for two tournaments coming up in May.

The annual work day at the Afton Cemetery will be held Thursday, April 29, according to Mrs. W. R. Towsend, treasurer.

A special musical program will be open to the public Monday at 2 p.m. in the high school auditorium, according to B. V. Newberry, principal.

Mrs. C. W. Garrett Sr. teacher in Bethany, Okla. sister-in-law of C. L. Garrett of Hamlin was honored April 8 when she was named

Oklahoma County Teacher of the Year.

The house-to-house drive in connection with the Cancer Crusade will be staged in Hamlin Thursday, April 29, beginning at 5 p.m.

Sunday, April 25, will initiate the series of revival services of the First Baptist Church of Hamlin. The evangelist, Rev. Henard East will arrive on Monday and continue through the following Sunday, May 2.

The revival at the Church of the Nazarene will open Friday evening at 7:30 p.m. featuring Rev. Ivan Kounter as the evangelist.

First place winners in Tuesday evening's bridge meeting were Mr. and Mrs. Starr Inzer, Mr. and Mrs. Grady Bowdry of Stamford were second place and Mr. and Mrs. Harry Yates of Stamford third place.

Sunday, April 25, will be last Sunday for Thomas E. Cudd, minister, to be in the pulpit of the Church of Christ. Mr. Cudd, who came here in September, 1961, resigned some time ago and plans to go to Scott's Bluff, Neb.

workingman's federal tax liability by less than \$7.00.

It's the salaried and the wage-earner who pays the federal bills—what bills that get paid—and it's the worker on salary or wages that will ultimately have to kill the income tax.

Power follows money like ants after sugar and since 1933 power has followed the money to Washington. Cut down the flow of money to Washington and you cut down the power base.

It seems to us that the ultimate solution is to repeal the income tax and go to a straight flat rate for everyone: corporations, individuals, foundations, proprietorships, and partnerships.

And with a flat rate and no deductions for anyone you could fill out the tax report in three lines and two minutes and mail it a flat ten percent of the net income.

With no loopholes, no subsidies, no preferences for capital gains, interest on mortgages, gifts to churches, foundations, charities—no exceptions, no loopholes most of the non-governmental employees in Washington and elsewhere would fade away. Their lobby and special interest services would no longer be needed.

The flat rate tax would be fairer, easier to understand, much more American, and would ultimately yield more money to a less powerful, less wasteful, and more efficient government in Washington.

What we need is a presidential candidate to run on just such a platform—abolish the income tax in favor of a flat rate. It's either elect the right presidential candidate or buy a bomb!

fee and file a new oath and bond with the County Clerk between May 1, 1975 and May 15, 1975, inclusive.

Secretary White further stated that any person not now a Notary Public who desires appointment for the beginning of the new term on June 1, 1975, should apply to the County Clerk before April 30, 1975. The required application forms may be obtained from the County Clerk.

White emphasized that Notaries Public should not send requests for appointment or for commissions directly to the Secretary of State as the law specifically provides that the County Clerk approve Notary Bonds and forward copies of the application to the Secretary of State.

LONGING

To every child there comes a time when they begin to wonder . . . Where did I come from? Who made the trees? Who made the mountains?

EVERYONE has a desire to know their creator.

"O GOD, thou art my God; early will I seek thee: my soul thirsteth for thee..."

This longing for knowledge of God should be satisfied at an early age.

"Train up a child in the way he should go: and when he is old, he will not depart from it."

Plan NOW to attend church with your family.

A SHADE TREE IS PLANTED—The second grade class taught by Mrs. Leldon Clifton received a tree for the school in recognition of 100 percent membership in the Parent-Teachers Association. The class members are pictured with Mrs. Clifton as the tree, a

fruitless mulberry, is being planted on the east side of the building near the cafeteria. The project was sponsored by the PTA during the fall membership drive. Mrs. Clifton's class was the only 100 percent class.

Agent Reports Infection In County Wheat Fields

Yellow Dwarf and Barley Stripe Mosaic, has infected several Jones County wheat fields according to a report this week from Jones County Extension Agent, Kirby Clayton.

The disease is caused by a seed born virus which causes yellow or pale green stripes and streaks on the leaves. The disease also causes a bright yellow coloration of leaf blades and a severe dwarfing and stress of the infected plants.

The virus is spread by greenbugs or aphids and where heavy greenbug infestations occurred earlier in the year the mosaic virus disease is likely to be more pronounced. In the fields the disease is characterized by small four foot irregular spots to an acre or more in size and is readily identified by the bright yellow color and dwarfing of the infected area. The irregular areas are typical of the feeding habits of the greenbugs which feed in small colonies and affect

the wheat plant accordingly. Caddo wheat seems to be more affected than any other varieties checked.

Clayton says that there is no known treatment for the disease, but infected areas will definitely result in yield losses for this years crop.

The disease has been identified in the Ericksdahl, Hamlin, Anson and Noodle areas of Jones County, says Clayton.

Neinda Philosopher Comes Out In Favor Of Law Requiring Windows That Open

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One apparently needs a carpenter at his house, his letter this week indicates.

Dear editor:

It used to be that people saved energy in order to keep their electric light bill down, not because it was patriotic or to prove something to a bunch of Arab oil barons.

I knew a man once who even turned the light off in his living room when he was listening to the radio, back in the days before television, on the reasonable grounds that you don't need a light on to hear something. "What could be sillier," he asked, "than sitting in a brightly-lit room listening to the radio with your eyes shut?" If his bill ever went above the minimum of \$1.35 he'd call the power company to see if the meter was leaking.

What brought this to mind was an article I read saying the government is working on some energy-use standards to be enforced by law, and

among these would be one requiring buildings to have windows that open.

As I understand it, architects have gone wild in designing buildings with year-round "climate control" and thought they were saving energy by including windows that are sealed shut and are never intended to be opened.

On the moon, where the nights are 40 degrees below freezing and the days as hot as an oven, such a building might be necessary, but on earth it seems a little odd. It's like the stairway of the eccentric woman I read about recently. She had one built in

her 40-room house that went nowhere. Just wound up against a blank wall.

It seems we're in peculiar shape when Congress has to pass a law prohibiting us from doing such things.

Nonetheless I'm in favor of this open-window regulation, but it doesn't go far enough. It's one thing to pass a law requiring a builder to install windows that open. What I want is a law requiring a window to stay up when it's raised. I'm getting tired propping mine up with a stick.

Yours faithfully,
J.A.

THE MOST VALUABLE PART OF YOUR BACTERIA IS GONE WHEN YOU HAVE IT PUMPED!

This is important! When someone calls at your home with a truck and tells you that your tank is almost full, that is correct. It has to be full to be filtering properly, and the most harmful thing you could do would be to have it pumped, for pumping destroys the most valuable part of your bacteria. Pumping doesn't clean your lines or eliminate odors and you pay an enormous price for the harm done.

Legislature Heading for Wild Finish

AUSTIN — Statistics and common sense indicate the 64th Legislature is heading for a wild and crowded finale, and that more bills will die than survive.

This is inevitable with more than 2,200 House bills and joint resolutions and nearly 1,100 Senate bills and joint resolutions introduced.

The system is overloaded, and the tabulations of unfinished business on

legislative computers effectively turn on the warning lights.

Of about 2,400 House and Senate bills referred to House committees, fewer than 500 have emerged.

About 900 bills and important resolutions have been referred to Senate standing committees, and some 500 have come out.

With the exception of constitutional revision, which

was effectively and promptly disposed of, most of the session's key business remains unfinished.

Budget bills are still in the Senate Finance and House Appropriations committees.

School finance reform measures are in subcommittees, and seem likely to stay there awhile. Agreement is far from reached on public utility regulatory legislation.

Legislators have their hands full in the next six weeks, and the facts are stacked against any easy way out.

STANDARDS COSTLY
Federal water quality standards may cost Texas cities, towns and industries more than \$6 billion before 1983, according to a Texas Water Quality Board inventory.

Federal requirements call for complete elimination of pollutional discharges into waters by that date.

The Federal Water Quality Act specifies that every river, stream, creek, lake and coastal area is to be fit for swimming, boating and fishing in eight years.

Texas Water Quality Board estimates the cleanup of city wastewater discharges would cost cities \$400 million a year if their part of the deadline is met. Industries would have to come up with another \$3 billion, TWQB estimated.

CONSTITUTION SUBMITTED
Final concurrence by the Senate in House amendments to a proposed constitutional revision resolution sent the issue of a new constitution for Texas to a November 4 statewide ballot.

Campaigns already are shaping up for the eight-section article-by-article rewrite proposals, which are virtually identical to the final recommendation before the 1974 Constitutional Convention. Funds will be provided by the legislature for advertising the document and "educating" voters on its provisions.

ALLOWABLE WIDE OPEN
The Railroad Commission again set the oil allowable at 100 per cent for May in spite of a minor decline in crude requests from national buyers.

Next month will be the 38th of wide-open production. East Texas Field, restricted to 86 per cent, is an exception.

COURTS SPEAK
The Court of Criminal Appeals, by a 3-2 vote, upheld the 1973 Texas death penalty law which permits execution for several categories of murder. Thirteen men are on death row at Huntsville prison.

Texas Supreme Court held that a man who lost an eye in an oilfield accident can collect disability insurance only for that specific injury unless he can prove that other physical problems (including traumatic neurosis are direct results of the eye loss.

AG OPINIONS
A county clerk has authority to issue a marriage license even though it appears applicants have been divorced less than 30 days. Atty. Gen. John Hill held.

A bill permitting veterans to defer paying tuitions and fees at colleges while awaiting federal benefits is constitutional.

A county can spend money to maintain and operate parks without holding an election to levy a park tax.

An investigative report of the Texas Real Estate Commission is public information and must be disclosed.

The College Coordinating Board and Vocational Education Board may refuse to renew approval of out-of-district junior college course offerings.

A statute which bans bringing a child into the state for purpose of placing him for adoption is an unconstitutional infringement on right to travel.

SHORT SNORTS
The Senate again passed a bill calling for a study to determine if state agencies are doing adequate jobs and if they should be continued.

A \$150,000 rural development loan went to Corsicana Industrial Foundation to help finance a tool and rubber company expansion.

Fifteen model programs for handicapped children will be developed by school districts under a \$1.3 million federal grant.

Comptroller Bob Bullock asked the attorney general to shut down 21 Houston businesses which owe \$118,000 in city and state sales taxes.

5 Students In Contest At Snyder

Five students from Hamlin High School will participate in the third annual Social Science Contests at Western Texas College in Snyder Friday.

George Gonzalez and Thomas Hartley will be competing in civics. Kayla Mehaffey, Sue Sellers and Edwin Wheat will be contestants in American history.

Competing will be more than 100 students from Abilene High School and schools in Fluvanna, Ira, Crosbyton, Lamesa, Rotan,

Snyder, Stamford and Sweetwater. Scholarships and other awards will be given.

Contests included are on American history, Texas history, American government and current events.

Free Clinic Held Thurs.

Shots were administered by local Licensed Vocational Nurses to 47 children in a clinic at City Hall Thursday.

The government sponsored project is held to give all students a chance to get full immunization.

The next free clinic will be May 15.

Reddy's helpful tips for your Room Air-Conditioners

Your air-conditioner will operate inefficiently if filters are not cleaned regularly. Dirt and lint, collected on the filters, restricts air flow to the coils. Clean filters every two weeks.

Let nature help you save energy by shading your home with trees and shrubs to help cut down on summer cooling costs. Draw draperies against afternoon sun.

Remember to keep outside doors, windows, and fireplace dampers closed. If you have window units, close the heating vents near the floor, as cool air falls and can escape through vents.

You purchased fine home comfort when you bought your air conditioning unit. Properly maintained, it will offer you years of efficient service. A once-a-year check-up by your dealer pays dividends in savings on operating and breakdown costs.

Legislature Heading for Wild Finish

AUSTIN — Statistics and common sense indicate the 64th Legislature is heading for a wild and crowded finale, and that more bills will die than survive.

This is inevitable with more than 2,200 House bills and joint resolutions and nearly 1,100 Senate bills and joint resolutions introduced.

The system is overloaded, and the tabulations of unfinished business on legislative computers effectively turn on the warning lights.

Of about 2,400 House and Senate bills referred to House committees, fewer than 500 have emerged.

About 900 bills and important resolutions have been referred to Senate standing committees, and some 500 have come out.

With the exception of constitutional revision, which was effectively and promptly disposed of, most of the session's key business remains unfinished.

Budget bills are still in the Senate Finance and House Appropriations committees.

School finance reform measures are in subcommittees, and seem likely to stay there awhile.

Agreement is far from reached on public utility regulatory legislation.

Legislators have their hands full in the next six weeks, and the facts are stacked against any easy way out.

STANDARDS COSTLY
Federal water quality standards may cost Texas cities, towns and industries more than \$6 billion before 1983, according to a Texas Water Quality Board inventory.

Federal requirements call for complete elimination of pollutional discharges into waters by that date.

The Federal Water Quality Act specifies that every river, stream, creek, lake and coastal area is to be fit for swimming, boating and fishing in eight years.

Texas Water Quality Board estimates the cleanup of city wastewater discharges would cost cities \$400 million a year if their part of the deadline is met. Industries would have to come up with another \$3 billion, TWQB estimated.

CONSTITUTION SUBMITTED
Final concurrence by the Senate in House amendments to a proposed constitutional revision resolution sent the issue of a new constitution for Texas to a November 4 statewide ballot.

Campaigns already are shaping up for the eight-section article-by-article rewrite proposals, which are virtually identical to the final recommendation before the 1974 Constitutional Convention. Funds will be provided by the legislature for advertising the document and "educating" voters on its provisions.

ALLOWABLE WIDE OPEN
The Railroad Commission again set the oil allowable at 100 per cent for May in spite of a minor decline in crude requests from national buyers.

Next month will be the 38th of wide-open production. East Texas Field, restricted to 86 per cent, is an exception.

COURTS SPEAK
The Court of Criminal Appeals, by a 3-2 vote, upheld the 1973 Texas death penalty law which permits execution for several categories of murder. Thirteen men are on death row at Huntsville prison.

Texas Supreme Court held that a man who lost an eye in an oilfield accident can collect disability insurance only for that specific injury unless he can prove that other physical problems (including traumatic neurosis are direct results of the eye loss.

AG OPINIONS
A county clerk has authority to issue a marriage license even though it appears applicants have been divorced less than 30 days. Atty. Gen. John Hill held.

A bill permitting veterans to defer paying tuitions and fees at colleges while awaiting federal benefits is constitutional.

A county can spend money to maintain and operate parks without holding an election to levy a park tax.

An investigative report of the Texas Real Estate Commission is public information and must be disclosed.

The College Coordinating Board and Vocational Education Board may refuse to renew approval of out-of-district junior college course offerings.

A statute which bans bringing a child into the state for purpose of placing him for adoption is an unconstitutional infringement on right to travel.

SHORT SNORTS
The Senate again passed a bill calling for a study to determine if state agencies are doing adequate jobs and if they should be continued.

A \$150,000 rural development loan went to Corsicana Industrial Foundation to help finance a tool and rubber company expansion.

Fifteen model programs for handicapped children will be developed by school districts under a \$1.3 million federal grant.

Comptroller Bob Bullock asked the attorney general to shut down 21 Houston businesses which owe \$118,000 in city and state sales taxes.

5 Students In Contest At Snyder

Five students from Hamlin High School will participate in the third annual Social Science Contests at Western Texas College in Snyder Friday.

George Gonzalez and Thomas Hartley will be competing in civics. Kayla Mehaffey, Sue Sellers and Edwin Wheat will be contestants in American history. Competing will be more than 100 students from Abilene High School and schools in Fluvanna, Ira, Crosbyton, Lamesa, Rotan,

Snyder, Stamford and Sweetwater. Scholarships and other awards will be given.

Contests included are on American history, Texas history, American government and current events.

Free Clinic Held Thurs.

Shots were administered by local Licensed Vocational Nurses to 47 children in a clinic at City Hall Thursday.

The government sponsored project is held to give all students a chance to get full immunization.

The next free clinic will be May 15.

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

The dream of another State Championship in track was pretty shattered in Anson Friday when Johnny Jones pulled up lame in the prelims. Hopefully, the Pipers can still make a strong showing at Regional this week and be in contention at Austin two weeks later.

But the loss of Johnny's probable 20 points in the 100 and 220 as well as his speed to anchor the sprint relay cuts heavily into the odds of Hamlin repeating as state champs.

Under the rules, Coach Grissom can substitute one boy on the relay team but there does not seem to be any way for Johnny to be ready by Saturday. If the relay team can make it out of regional then Johnny would have three weeks to get ready and he might be able to run in Austin. But the odds of his being ready even then are doubtful.

While everyone was disappointed that Johnny could not run Friday, we can still take great pride in the other boys on the track team for the great job they did in battling off the other teams in the district to bring home the third district crown in as many years.

This has been a bad spring for track with the wind and the cold making it very difficult for the youngsters to get in condition for the grueling grind of playoff competition. The weather always plays to the advantage of the schools farther south.

We would like to see the district, regional and state meets moved a week or two later in the year. This would help some at least. We would also like to see the rules changed to allow any boy who wins at the state meet, and still has eligibility, be automatically qualified for the prelims the next year.

A number of athletes have failed to return to defend their titles because of illness, pulled muscles, or other injuries during district and regional meets.

Since we have struggled through another income tax paying deadline we thought that the following column by James Roberts of Andrews would be appropriate.

It's a real horse race every year. . . which comes first, the blooming of the mesquites or the federal income tax.

In the words of the late Frank Grimes "The Mesquites Ain't Out" but Tuesday night was the deadline on the income tax.

Actually, mesquites and the federal income tax have a lot in common.

Neither was here in Texas at the turn of the century, both get worse every year, everytime you turn around both have sprung up where they weren't last year, both are parasites, create nor produce nothing, and are harder to kill than mouthitis on a politician in an election year.

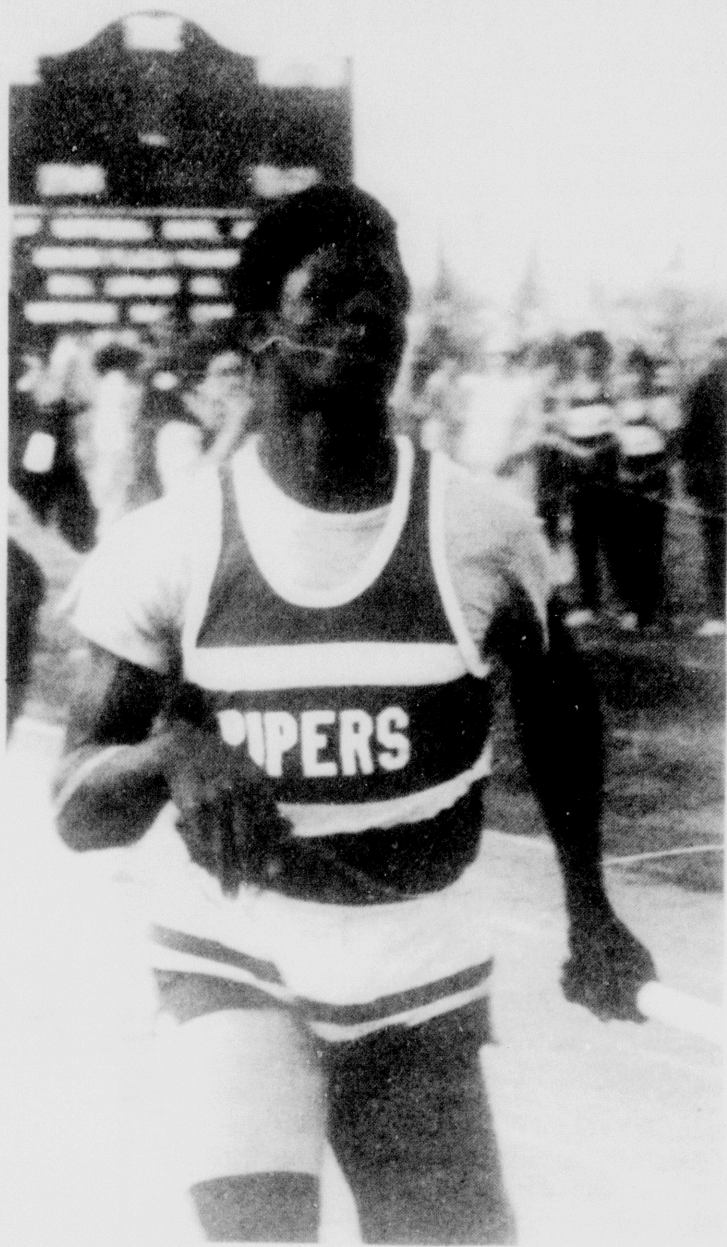

Personally, we'd like to get rid of both of them. . . mesquites and the income tax.

The idea of 82 million workers on salary or wages coughing up money each year to send to Washington so that federal hacks can fund additional programs for non-workers who vote is ridiculous.

The very people who pay in the overwhelming majority of the federal budget are the very people who get the least amount of benefit and good back from their federal government. Since 1933, we've been spoon-fed the vote-getting demagoguery of "soak the rich" for the benefit of the working man.

It's hogwash! If the federal government took every dime—100 percent—made each year by every person classified as a millionaire it would affect the average

ANCHORS RELAY—Sophomore Delbert Thompson anchors the winning 440 yard relay team for the Pipers Friday at the District 6-AA track meet. The Pipers qualified both the 440 and the mile relay teams to the Regional meet to be held in Odessa Friday and Saturday. Others running on the 440-relay team are Mac Lee, Robert Phariss and Oscar Marshall.

BUT LOSE JONES—

Pipers Win Third District Track Title

Johnny Jones, last year's state champion in the 100 and 220 yard dashes, failed in his bid for a chance to repeat for state honors again this year. The speedster, hampered by a leg injury all spring, pulled up lame in the prelims Friday and Coach Grissom scratched him from the finals that night.

In spite of the loss of Johnny, the Pipers came through with their third district title in as many years. The Pipers rolled up 121 points to edge out Colorado City for the district honors. Colorado City was second with 106, Anson was third with 75, followed by Coahoma with 65, Winters with 61, Stamford with 40 and Ballinger with 25.

The Pipers qualified both relay teams and four individual events to the Regional meet at Odessa this weekend. The Regional meet will be held at the W. T. Barrett Stadium in Odessa again this year.

The field events will start at 3:30 p.m. Friday, with the

prelims in the running events starting at 4 p.m. The finals in the running events will start at 1 p.m. Saturday.

Both the 440 and mile relay teams took first place honors at the district meet to earn their berth at Regional. Running on the 440 relay, clocked at 44.5, were Mac Lee, Robert Phariss, Oscar Marshall and Delbert Thompson. The mile relay team was clocked at 3:29.4. Running the quarters were Delbert Thompson, Luke Reynolds, Steve Evans and Oscar Marshall.

Qualifying for Regional with second place finishes at District were Robert Phariss in the pole vault, Paul Reynolds in the high hurdles, Oscar Marshall in the 100, and Delbert Thompson in the 440.

Tryouts Set

Little League tryouts for girls will be held today and Friday at 5:30 p.m. at the Little League park.

Pee Wees will meet at the practice field across from the Little League park at 5 p.m. for tryouts and registration Friday.

Miss Greenway Resigns Cemetery Assn. Position

Miss Lennie Greenway, secretary-treasurer of the Hamlin Cemetery Association since 1924 has submitted her resignation to the board of directors.

Applications are now being taken by the Association for the secretary-treasurer position.

Flea Market Set Here Saturday

The first Sidewalk Sale and Flea Market of the year will be held here Saturday. The event is sponsored by the Retail Trade Committee of the Hamlin Board of Community Development.

Merchants and area citizens are invited to take part in the big event with a number of merchants scheduled to display their wares out on the sidewalk all day Saturday. Area residents are invited to bring their garage sale goods to town and set up shop on the downtown sidewalks.

The Retail Trade Committee has been sponsoring about three of these big events each year for the past several years.

No charge is made for the downtown locations and the places are on a first come, first served basis.

BEFORE HOUSE COMMITTEE—

Bill Would Create Judicial District for Jones County

A bill to create a separate Judicial District for Jones County was before the House Committee for Judicial Affairs Wednesday night in Austin.

The proposed legislation, House Bill 1948, was introduced by State Representative Elmer Martin with the support of the Commissioners Court of Jones County.

The bill proposes to remove Jones County from the 104th District Court, which now includes Jones with Abilene and Taylor County.

In a second step, House Bill 1948 proposes to create a new 241 Judicial District composed solely of Jones County.

Rep. Martin said he is sponsoring the legislation at the urging of citizens and attorneys in Stamford,

Hamlin and Anson.

There has been an effort to separate Jones County from Abilene 104th District Court for several years.

In previous years, the proposal has been to transfer Jones County from the 104th District into the 39th Judicial District Court, composed of Haskell, Stonewall, Kent and Throckmorton counties.

However, it has met with reluctance on the part of the four-county 39th District to add another county. This has resulted in opposition within the Legislature against the transfer of Jones County.

"Since Jones County has been rebuffed in its request to move to another district," Rep. Martin said, "proponents are now seeking to create an entirely new district for Jones County."

The proposed Judicial District would create the position of District Judge while the County Attorney of Jones County would perform all duties of those of district and county attorney.

Commissioners Court voted unanimously for the new court after being requested by citizens to seek removal of Jones County from the 104th District Court.

In their resolution the commissioners stated: "The Commissioners Court after studying the request and realizing it would better serve the people to have a district court in Jones County and not be dependent upon the 104th District Court for their system, deems it advisable that the passage of the bill removing Jones County from the 104th

District Court and placing Jones County in another Judicial District or creating a Judicial District for Jones County should be secured."

Texas Civil Judicial Council statistics reveal that Jones County had 460 cases of all types (criminal, civil and juvenile) pending Jan. 1, 1974.

A total of 258 new cases were filed during 1974 and 212 cases were disposed of during the same 12 months.

This resulted in the backlog of Jones County cases within the 104th District Court increasing to 506 cases pending at the close of 1974.

For the same 12 months, the backlog of Taylor County cases in 104th District Court was increasing from 1,768 cases (Jan. 1, 1974) to 2,284 cases at the end of 1974.

IN LONG AGENDA—

Council Grants Cable Increase

The City Council granted a 95 cent rate increase to Cable Electronics, Inc. here Monday evening. The increase will raise the monthly service charge for cable service from \$6.50 to \$7.45 and will become effective with the May billings.

The rate request came before the council at its March meeting and was tabled until this meeting. In other old business, the council voted to remove the stop signs recently installed at the corner of Northeast A and Sixth Street.

After taking care of old business, the council swore in the recently elected council members. Taking the oath of office were A. E. Killion, Robert Fowler and Buford Bigham. Killion and Fowler were reelected to office and Bigham starts his first term on the council.

In a rather lengthy agenda, the council took the following actions:

—Discussed the problem of vacant houses and buildings run down and unattended that

are considered fire hazards. Mayor Joe Ford told the council that he had received several complaints recently on the problem. The council asked John Watts, city attorney, to look into the matter of a city ordinance and report back at the next meeting.

—A street light was requested at Southwest Ave F and Third Street but the council voted to table the matter for further study.

—The council heard a report on the status of the city's Wastewater Treatment Plant by Billy Jacobs, engineer for Yeatts and Decker, Inc. of Abilene. The firm is preparing plans for the new sewage disposal plant for the city. He told the council that work is being completed on the step 2 phase of the program and that the city should be ready to apply for the step 3 grant by the end of May.

Step 3 of the Federal program provides for 75 percent funding for the construction of the system and Jacobs told the council that it usually takes about three months to get this step approved.

—The council gave approval to Bill Kitchens of Oil Patch Pollution Service to install a radio tower on the city's north water tower. The agreement is subject to a lease agreement being signed and proper insurance to protect the city.

—The council named Dr. M. L. Smith for another term as City Health Officer.

—James E. Rodgers, local Certified Public Accountant, was awarded a contract to prepare an audit for the city.

—The group signed a contract with Perdue, Brandon and Blair of Amarillo and Fort Worth, for the collection of delinquent taxes. The firm has also been hired by the Hamlin Independent School District and will collect the past due taxes for a fee of 15 percent of the monies collected.

—The council voted to purchase a new 24-foot ladder for the fire department to replace the one lost in the recent school fire.

—A workshop meeting on the proposed budget for the next fiscal year was set for Monday morning.

During the discussion on the stop signs at Northeast Ave A and Sixth Street, the council discussed designating through streets running east and west on the east side of Central Avenue and north and south on the west side. Action on this was tabled for further study.

FOR RETARDED—

Hike-Bike Fund Drive Set Sunday

The Hike-Bike for the Retarded will get underway Sunday at 1:30 p.m. when participants meet at the high school for the trip to South Lake. The group will be back to Hamlin by 5:30 p.m., according to Mrs. C. L. Howard, chairman of the event. Future Homemakers of America are working out details for the drive.

A portion of the money raised in the local drive will be retained to assure funds for local campers to attend

Camp Roadrunner in the summer.

Purpose of the drive is to raise money to aid the retarded. Participants secure sponsors who donate money for them to ride or hike. Usually, the hike-bikers get \$1 for each mile travelled.

Each student must make arrangements for a sponsor or sponsors.

Refreshments will be served at the "turn-around" point near South Lake. Riders will be supervised.

During October and November of 1963, he visited Methodist Missions throughout South America and preached, mainly in Peru.

He has served as a district secretary of evangelism and was also a district secretary of missions.

Rolling Plains PCA Meeting Saturday

More than 500 farmers and ranchers being served through the Stamford and Munday offices are expected to gather at 11 a.m. Saturday, for the second session of the Rolling Plains PCA 41st Annual Stockholders' Meeting in the Stamford High School Auditorium. The first session of the meeting was held a week earlier in Matador.

A highlight of the meeting will be election of two directors by the Association's membership. Candidates for place one are incumbent Mack T. Claburn of Anson and Robert L. Reeves Sr. of Lueders. Place two nominees are P. M. Bouchelle of Wellington and incumbent W. J. Boykin of Northfield.

According to J. R. Gleaton, the association's president, keynote speaker for the Stamford session is Marsha Martin, assistant vice president, Federal Intermediate Credit Bank of Houston. The Houston Bank is the source of most PCA

lending funds and a member-bank of the \$25 billion national farm credit system.

Other program highlights include the report from the Association's Board by Boykin. F. A. Ulmer of Sagerton will give the nominating committee's report. Gleaton is scheduled for the manager's report. Bill L. Glenn, PCA vice president, will preside.

A meal for participants precedes the business session. Cash attendance prizes will be awarded to those whose names are drawn. All stockholders and their wives are eligible for participation in this cash prize event.

The present Board of Directors is composed of Lasater Hensley, chairman, Guthrie; Mack T. Claburn, vice chairman, Anson; W. C. Mann, Clarendon; J. P. Perrin, Haskell; and W. J. Boykin, Northfield. J. R. Gleaton is president and vice presidents are R. C. Cobb and Bill L. Glenn.

Services Held Saturday for Bob Milstead

Robert Lee (Bob) Milstead, 94, retired farmer and rancher, died at 4:45 p.m. April 17 in the Hamlin Memorial Hospital, after a lengthy illness.

Funeral services were held Saturday at 2 p.m. in the First Baptist Church with the Rev. Howard Jones, pastor, and the Rev. Marshall Stewart, pastor of Nazarene Church, and the Rev. Jim Smith, pastor of First United Methodist Church, officiating.

Burial was in the Neinda Cemetery under the direction of McCoy Funeral Home.

Mr. Milstead was born Dec. 9, 1880, in Titus County, son of the late Mr. and Mrs. James Milstead. He moved to Jones County in 1902. He married Pearl Davis at Neinda Oct. 12, 1904. She died April 29, 1970.

He is survived by one daughter, Miss Lola Milstead of Hamlin; one brother, J. O. Milstead of Mount Pleasant; two sisters, Mrs. Orla Nickels of Abilene and Mrs. Joe (Elsie) Howell of Fresno, Calif. One daughter, Viva Milstead Robertson, and one granddaughter, Betty Jane Robertson, preceded him in death.

Pallbearers were Ernest Jenkins, Weldon Johnson, Sam Ferguson, Bill Shira, J. C. Turner and Bill Harbert.

Baptist Choir To Present 'Alleluia'

"Alleluia," a Christian musical, will be presented by the sanctuary choir and the Reflections of First Baptist Church Sunday at 7 p.m. and again on Monday at 7:30 p.m.

The choirs will be under the direction of Lynn Mink, music-education director of the church. Some 36 voices will be featured with full orchestration sound track.

Soloists will be Mrs. Joe Don Hymer, Mrs. Robert Moore, Mrs. Melvin Scott, Mrs. Lynn Mink, Terry Mink, Cheryl Lewis and Elaine Carlton.

"Alleluia" is a musical by Bill and Gloria Gaither and Ron Huff. It is a service of praise with songs such as "King of Kings—Lord of Lords," "God Gave The Song," "Let's Just Praise the Lord," "Because He Lives" and others.

Twenty-six choir members will have speaking or solo parts in the service. Everyone is invited.

Debi Cary Advances To State

Debi Cary, Hamlin High School junior, will compete on the state level in UIL Literary events in Austin May 3 after placing second in typing at the regional meet in Odessa Saturday. The state meet will be held on the University of Texas Campus.

Debi, daughter of Mr. and Mrs. Robert Cary, with a score of 149.78 placed behind a typist from Floydada who had a score of 155.2. She won first place in the district contest April 12 on the McMurry Campus. Her record score was 163.68, which was typing 66.6 net words per minute with 97.1 percent accuracy.

Debra St. Clair placed third in district in shorthand and advanced to regional competition. The regional contestants were accompanied by Miss Dora Mitchell, business teacher.

Others from Hamlin who participated at the district meet were Debra Ballard, Olivia Marshall and Edwin Wheat, spelling; Gary Ford, number sense; Elaine Carlton and Debra Hollis, typing; and Beverly Carter, shorthand.

THE SPEAKER REPORTS —

Legislature Approves Constitutional Revision

By Bill Clayton

The Legislature accomplished what some people have termed "an unachievable task" April 9 when it voted to send a new article-by-article constitutional revision package to Texas voters Nov. 4.

The victory was the result of over a year of study, revision and unsuccessful attempts to pass a document during last year's Constitutional Convention.

Two days after the deadlock of the convention in July, I called for the passage of a revised constitution during this session. I firmly believed that Texas did not need to spend millions of dollars more on another convention, when this session of the Legislature had the opportunity and background to accomplish the task.

With this in mind, I ap-

pointed a hard-working constitutional revision committee in January, and they began working to revise and polish the convention document. On March 24, the committee reported favorably to the House floor a similar version of the convention document without the separate submissions attached.

The Senate quickly adopted the work product of the House committee and sent it back to the House for its approval.

I was proud to use the voting privilege of the Speaker's chair to endorse this document. It is recognized by experts as one of the most readable and understandable state constitutions in the nation.

Of course, any document of its size cannot be fully satisfactory to everyone's desires, but I believe it is a sound document the voters of Texas will approve overwhelmingly in November.

A brief summary of the highlights of the document include the following provisions of interest:

—The Legislature will meet annually for alternate 140-day and 90-day sessions.

—The state would be under a unified court system consisting of the Supreme Court, courts of appeals, district courts and circuit courts. The Court of Criminal Appeals would merge with the Supreme Court and the intermediate courts of appeals would be given criminal as well as civil jurisdiction.

—Through a new local government article, counties would gain ordinance-making powers and have ability to change the structure of their governments.

—Texas would continue the "pay as you go" provision against state debt.

—No sales tax could be levied on food, drugs, feed, fertilizer or farm equipment.

—Under a statement of general policy, the Legislature would be given the duty to provide equitable support of public schools, insuring every student an equal educational opportunity.

—The creation of a special higher education fund for state colleges financed by a

Bob Hawes On Program

Bob Hawes, local school superintendent, will be on the program at the annual state meeting of the Texas Association for Planning, Evaluation and Research (TAPER) which will open at the Sheraton-Fairway Motor Hotel in McAllen today (Thursday).

Superintendent Hawes will speak on "Staff Involvement in the School Budgetary Process." Other Big Country educators on the program will be Dr. Warren Alexander of Abilene Independent School District and Don Williams, assistant director of Region 14 Education Service Center in Abilene.

10 cent per \$100 assessed valuation of property taxes. The Legislature would be responsible annually for assessing the financial needs of colleges outside the University of Texas and Texas A&M systems, and would determine the allocation of the fund.

Some 30 new freshman House members who did not participate in the Constitutional Convention are to be applauded for their work on the document. They added a fresh outlook and approach to debate and offered valuable input to its content.

FROM THE FILES . . .

FIFTY YEARS AGO
(April 24, 1925)
Just Thursday night a thief or a bunch of thieves took Mr. F. M. Ford's car from his garage and hit the road for parts unknown.
The District Meet of the Interscholastic League was held at Abilene on Friday and Saturday of last week. Hamlin had a splendid representation in the several events.
Little Miss Annie Merel Ferguson who was taken to a sanitarium in Abilene some weeks ago, was brought back home Saturday without having to undergo an operation. She is doing fine and will soon be well.
C. P. Chastain, Robert Whiteley and W. D. Cooper autoed to Austin on Saturday of last week and spent most of the week there on business.
Dr. and Mrs. J. T. Bynum attended the District Medical Society at Abilene, Tuesday of this week.
Mrs. J. J. Waggoner and Mrs. W. E. Akers and little Miss Marie Akers are in Menard this week visiting Mrs. Waggoner's daughter, Mrs. C. B. King.
Raymond Skrabanek of A and M College was guest of Miss Eula Crow, Saturday and Sunday of last week.
The "weather" has been going on a long time but the rain did not slow down till about three a.m. Thursday morning. The rain was preceded by two days and one night of the "gustiest" wind that this country has had in a long time.

TWENTY YEARS AGO
(April 22, 1955)
The Hamlin Future Farmers of America boys took two first, two second, one third, four fourth and one fifth place awards at the junior division of the West Texas Dairy Show Monday at Abilene.
Dairy judging contest teams from the Hamlin High School chapter fared mightily well Monday at the contests staged at Abilene in connection with the Central West Texas Dairy Show at the new Taylor County Exposition Center southeast of town.
Famous Stamps-Ozark quartet of Wichita Falls will be featured in a benefit program next Tuesday evening at the high school auditorium under auspices of the Four-square Gospel Church of Hamlin according to church leaders.
Seniors took over top place laurels this week when honor roll for the second six-week period of the second semester at Hamlin High School was announced by Principal B. V. Newberry.
Regular Friday night singing is scheduled this Friday evening at the Doyle community church five miles east of Hamlin say community leaders.
Officers for the newly incorporated Hamlin Foundation which is sponsoring the swimming pool project for Hamlin were named Wednesday morning when directors met in a called session.
Third group of young baseball players of the Hamlin community will be organized Sunday afternoon in Hamlin according to Bill Adair baseball enthusiast, who has been instrumental in Little League and Pony League organization in the community.

TEN YEARS AGO
(April 22, 1965)
The Women's Golf Association met Saturday in the home of Mrs. R. D. Compton, president, to make plans for two tournaments coming up in May.
The annual work day at the Afton Cemetery will be held Thursday, April 29, according to Mrs. W. R. Towsend, treasurer.
A special musical program will be open to the public Monday at 2 p.m. in the high school auditorium, according to B. V. Newberry, principal.
Mrs. C. W. Garrett Sr. teacher in Bethany, Okla. sister-in-law of C. L. Garrett of Hamlin was honored April 8 when she was named

Oklahoma County Teacher of the Year.
The house-to-house drive in connection with the Cancer Crusade will be staged in Hamlin Thursday, April 29, beginning at 5 p.m.
Sunday, April 25, will initiate the series of revival services of the First Baptist Church of Hamlin. The evangelist, Rev. Henard East will arrive on Monday and continue through the following Sunday, May 2.
The revival at the Church of the Nazarene will open Friday evening at 7:30 p.m. featuring Rev. Ivan Kounter as the evangelist.
First place winners in Tuesday evening's bridge meeting were Mr. and Mrs. Starr Inzer, Mr. and Mrs. Grady Bowdry of Stamford were second place and Mr. and Mrs. Harry Yates of Stamford third place.
Sunday, April 25, will be last Sunday for Thomas E. Cudd, minister, to be in the pulpit of the Church of Christ. Mr. Cudd, who came here in September, 1961, resigned some time ago and plans to go to Scott's Bluff, Neb.

workingman's federal tax liability by less than \$7.00.
It's the salaried and the wage-earner who pays the federal bills—what bills that get paid—and it's the worker on salary or wages that will ultimately have to kill the income tax.
Power follows money like ants after sugar and since 1933 power has followed the money to Washington. Cut down the flow of money to Washington and you cut down the power base.
It seems to us that the ultimate solution is to repeal the income tax and go to a straight flat rate for everyone: corporations, individuals, foundations, proprietorships, and partnerships.
And with a flat rate and no deductions for anyone you could fill out the tax report in three lines and two minutes and mail it a flat ten percent of the net income.
With no loopholes, no subsidies, no preferences for capital gains, interest on mortgages, gifts to churches, foundations, charities—no exceptions, no loopholes most of the non-governmental employees in Washington and elsewhere would fade away. Their lobby and special interest services would no longer be needed.
The flat rate tax would be fairer, easier to understand, much more American, and would ultimately yield more money to a less powerful, less wasteful, and more efficient government in Washington.
What we need is a presidential candidate to run on just such a platform—abolish the income tax in favor of a flat rate. It's either elect the right presidential candidate or buy a bomb!

White emphasized that Notaries Public should not send requests for appointment or for commissions directly to the Secretary of State as the law specifically provides that the County Clerk approve Notary Bonds and forward copies of the application to the Secretary of State.

fee and file a new oath and bond with the County Clerk between May 1, 1975 and May 15, 1975, inclusive.
Secretary White further stated that any person not now a Notary Public who desires appointment for the beginning of the new term on June 1, 1975, should apply to the County Clerk before April 30, 1975. The required application forms may be obtained from the County Clerk.

LONGING

To every child there comes a time when they begin to wonder . . . Where did I come from? Who made the trees? Who made the mountains? EVERYONE has a desire to know their creator.
"O GOD, thou art my God; early will I seek thee; my soul thirsteth for thee..."
This longing for knowledge of God should be satisfied at an early age.
"Train up a child in the way he should go; and when he is old, he will not depart from it."
Plan NOW to attend church with your family.

©Coleman Adv. Ser.,

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

A SHADE TREE IS PLANTED—The second grade class taught by Mrs. Leldon Clifton received a tree for the school in recognition of 100 percent membership in the Parent-Teachers Association. The class members are pictured with Mrs. Clifton as the tree, a

fruitless mulberry, is being planted on the east side of the building near the cafeteria. The project was sponsored by the PTA during the fall membership drive. Mrs. Clifton's class was the only 100 percent class.

Agent Reports Infection In County Wheat Fields

Yellow Dwarf and Barley Stripe Mosaic, has infected several Jones County wheat fields according to a report this week from Jones County Extension Agent, Kirby Clayton.

The disease is caused by a seed born virus which causes yellow or pale green stripes and streaks on the leaves. The disease also causes a bright yellow coloration of leaf blades and a severe dwarfing and stress of the infected plants.

The virus is spread by greenbugs or aphids and where heavy greenbug infestations occurred earlier in the year the mosaic virus disease is likely to be more pronounced. In the fields the disease is characterized by small four foot irregular spots to an acre or more in size and is readily identified by the bright yellow color and dwarfing of the infected area.

The irregular areas are typical of the feeding habits of the greenbugs which feed in small colonies and affect

the wheat plant accordingly. Caddo wheat seems to be more affected than any other varieties checked.

Clayton says that there is no known treatment for the disease, but infected areas will definitely result in yield losses for this years crop.

The disease has been identified in the Ericksdahl, Hamlin, Anson and Noodle areas of Jones County, says Clayton.

CARD OF THANKS

Dear Hamlin Friends:
No one could have been nicer than all of you were during the illness and death of my Dad. Your cards, phone calls, visits, flowers, food, and offers of help were appreciated very much.

Those special people at the hospital; Doctors, nurses, dietitians, and employees of all kinds did everything that human power could do trying to make Dad comfortable and get him well. His statement was, "I don't want to go anywhere else as I am getting better care here than I could expect any other place. I am satisfied."

I also want to thank all of the firemen and friends who worked to save our home when our school burned. An excellent job was done.

I always plan to live in Hamlin as it is the place where the nicest people I know live. This includes all of "My Children" that I have taught. May God bless all of you for all of your kind thoughts and deeds.
Lola Milstead

CARD OF THANKS

Neinda Philosopher Comes Out In Favor Of Law Requiring Windows That Open

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One apparently needs a carpenter at his house, his letter this week indicates.

Dear editor:

It used to be that people saved energy in order to keep their electric light bill down, not because it was patriotic or to prove something to a bunch of Arab oil barons.

I knew a man once who ever turned the light off in his living room when he was listening to the radio, back in the days before television, on the reasonable grounds that you don't need a light on to hear something. "What could be sillier," he asked, "than sitting in a brightly-lit room listening to the radio with your eyes shut?" If his bill ever went above the minimum of \$1.35 he'd call the power company to see if the meter was leaking.

What brought this to mind was an article I read saying the government is working on some energy-use standards to be enforced by law, and

among these would be one requiring buildings to have windows that open.

As I understand it, architects have gone wild in designing buildings with year-round "climate control" and thought they were saving energy by including windows that are sealed shut and are never intended to be opened.

On the moon, where the nights are 40 degrees below freezing and the days as hot as an oven, such a building might be necessary, but on earth it seems a little odd. It's like the stairway of the eccentric woman I read about recently. She had one built in

her 40-room house that went nowhere. Just wound up against a blank wall.

It seems we're in peculiar shape when Congress has to pass a law prohibiting us from doing such things.

Nonetheless I'm in favor of this open-window regulation, but it doesn't go far enough. It's one thing to pass a law requiring a builder to install windows that open. What I want is a law requiring a window to stay up when it's raised. I'm getting tired propping mine up with a stick.

Yours faithfully,
J.A.

Reddy's helpful tips for your Room Air-Conditioners

Your air-conditioner will operate inefficiently if filters are not cleaned regularly. Dirt and lint, collected on the filters, restricts air flow to the coils. Clean filters every two weeks.

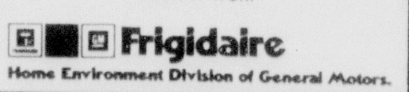

Let nature help you save energy by shading your home with trees and shrubs to help cut down on summer cooling costs. Draw draperies against afternoon sun.

Remember to keep outside doors, windows, and fireplace dampers closed. If you have window units, close the heating vents near the floor, as cool air falls and can escape through vents.

You purchased fine-home comfort when you bought your air conditioning unit. Properly maintained, it will offer you years of efficient service. A once-a-year check up by your dealer pays dividends in savings on operating and breakdown costs.

This is important! When someone calls at your home with a truck and tells you that your tank is almost full, that is correct. It has to be full to be filtering properly, and the most harmful thing you could do would be to have it pumped, for pumping destroys the most valuable part of your bacteria. Pumping doesn't clean your lines or eliminate odors and you pay an enormous price for the harm done.

Legislature Heading for Wild Finish

AUSTIN — Statistics and common sense indicate the 64th Legislature is heading for a wild and crowded finale, and that more bills will die than survive.

This is inevitable with more than 2,200 House bills and joint resolutions and nearly 1,100 Senate bills and joint resolutions introduced.

The system is overloaded, and the tabulations of unfinished business on legislative computers effectively turn on the warning lights.

Of about 2,400 House and Senate bills referred to House committees, fewer than 500 have emerged.

About 900 bills and important resolutions have been referred to Senate standing committees, and some 500 have come out.

With the exception of constitutional revision, which was effectively and promptly disposed of, most of the session's key business remains unfinished.

Budget bills are still in the Senate Finance and House Appropriations committees.

School finance reform measures are in subcommittees, and seem likely to stay there awhile.

Agreement is far from reached on public utility regulatory legislation.

Legislators have their hands full in the next six weeks, and the facts are stacked against any easy way out.

STANDARDS COSTLY

Federal water quality standards may cost Texas cities, towns and industries more than \$6 billion before 1983, according to a Texas Water Quality Board inventory.

Federal requirements call for complete elimination of pollutional discharges into waters by that date.

The Federal Water Quality Act specifies that every river, stream, creek, lake and coastal area is to be fit for swimming, boating and fishing in eight years.

Texas Water Quality Board estimates the cleanup of city wastewater discharges would cost cities \$400 million a year if their part of the deadline is met. Industries would have to come up with another \$3 billion, TWQB estimated.

CONSTITUTION SUBMITTED

Final concurrence by the Senate in House amendments to a proposed constitutional revision resolution sent the issue of a new constitution for Texas to a November 4 statewide ballot.

Campaigns already are shaping up for the eight-section article-by-article rewrite proposals, which are virtually identical to the final recommendation before the 1974 Constitutional Convention. Funds will be provided by the legislature for advertising the document and "educating" voters on its provisions.

ALLOWABLE WIDE OPEN

The Railroad Commission again set the oil allowable at 100 per cent for May in spite of a minor decline in crude requests from national buyers.

Next month will be the 38th of wide-open production. East Texas Field, restricted to 86 per cent, is an exception.

COURTS SPEAK

The Court of Criminal Appeals, by a 3-2 vote, upheld the 1973 Texas death penalty law which permits execution for several categories of murder. Thirteen men are on death row at Huntsville prison.

Texas Supreme Court held that a man who lost an eye in an oilfield accident can collect disability insurance only for that specific injury unless he can prove that other physical problems (including traumatic neurosis are direct results of the eye loss.

AG OPINIONS

A county clerk has authority to issue a marriage license even though it appears applicants have been divorced less than 30 days, Atty. Gen. John Hill held.

A bill permitting veterans to defer paying tuitions and fees at colleges while awaiting federal benefits is constitutional.

A county can spend money to maintain and operate parks without holding an election to levy a park tax.

An investigative report of the Texas Real Estate Commission is public information and must be disclosed.

The College Coordinating Board and Vocational Education Board may refuse to renew approval of out-of-district junior college course offerings.

A statute which bans bringing a child into the state for purpose of placing him for adoption is an unconstitutional infringement on right to travel.

SHORT SNORTS

The Senate again passed a bill calling for a study to determine if state agencies are doing adequate jobs and if they should be continued.

A \$150,000 rural development loan went to Corsicana Industrial Foundation to help finance a tool and rubber company expansion.

Fifteen model programs for handicapped children will be developed by school districts under a \$1.3 million federal grant.

Comptroller Bob Bullock asked the attorney general to shut down 21 Houston businesses which owe \$118,000 in city and state sales taxes.

5 Students In Contest At Snyder

Five students from Hamlin High School will participate in the third annual Social Science Contests at Western Texas College in Snyder Friday.

George Gonzalez and Thomas Hartley will be competing in civics. Kayla Mehaffey, Sue Sellers and Edwin Wheat will be contestants in American history.

Competing will be more than 100 students from Abilene High School and schools in Fluvanna, Ira, Crosbyton, Lamesa, Rotan,

Snyder, Stamford and Sweetwater. Scholarships and other awards will be given.

Contests included are on American history, Texas history, American government and current events.

Free Clinic Held Thurs.

Shots were administered by local Licensed Vocational Nurses to 47 children in a clinic at City Hall Thursday.

The government sponsored project is held to give all students a chance to get full immunization.

The next free clinic will be May 15.

A \$150,000 rural development loan went to Corsicana Industrial Foundation to help finance a tool and rubber company expansion.

Fifteen model programs for handicapped children will be developed by school districts under a \$1.3 million federal grant.

Comptroller Bob Bullock asked the attorney general to shut down 21 Houston businesses which owe \$118,000 in city and state sales taxes.

5 Students In Contest At Snyder

Five students from Hamlin High School will participate in the third annual Social Science Contests at Western Texas College in Snyder Friday.

George Gonzalez and Thomas Hartley will be competing in civics. Kayla Mehaffey, Sue Sellers and Edwin Wheat will be contestants in American history.

Competing will be more than 100 students from Abilene High School and schools in Fluvanna, Ira, Crosbyton, Lamesa, Rotan,

Snyder, Stamford and Sweetwater. Scholarships and other awards will be given.

Contests included are on American history, Texas history, American government and current events.

Free Clinic Held Thurs.

Shots were administered by local Licensed Vocational Nurses to 47 children in a clinic at City Hall Thursday.

The government sponsored project is held to give all students a chance to get full immunization.

The next free clinic will be May 15.
